

Focus session: Late breaking trials and evidence update

Moderated by M Siepe, Freiburg, D. Capodanno, Catania |

Thursday 8th October | 16:30–18:00 | Room 112

Focus
session

This session provides an update on late-breaking data from clinical trials and registries. Topics covered include transcatheter mitral valve repair (CUTTING-EDGE trial), explantation after TAVR failure (EXPLANT-TAVR International Registry) and subannular repair in secondary mitral regurgitation (REFORM-MR Registry).

Presentations

- | | |
|-------|---|
| 16:30 | Outcomes of mitral valve surgery after edge-to-edge transcatheter mitral valve repair:
The CUTTING-EDGE T Modine |
| 16:45 | Surgical EXPLANTation after TAVR failure:
Regional differences from the EXPLANT-TAVR International Registry K Vitanova |
| 17:40 | Standardized subannular repair for treatment of secondary mitral regurgitation:
Initial results from REFORM-MR Registry E Girdauskas |
