

This year, EACTS goes digital and provides an opportunity to attend sessions and connect with other eParticipants in a safe learning environment.

More information: www.eacts.org/annual-meeting/

With this new 3D eCongress technology, your avatar will allow you to be right there in person.

Let's meet at this year's virtual version of EACTS!

With the 3D technology chosen by EACTS, eParticipants can:

- Follow each presentation LIVE, from their computer
- Ask questions and exchange views at live Q&A sessions
- Connect with other eParticipants
- Take part in one-to-one meetings in private rooms

Virtual interactivity, almost as with physical meetings...

- Talk
- Chat
- Run group/chat talks
- Exchange business cards
- Deliver and attend live presentations
- Host and attend events

Edwards' special program during EACTS:

- Edwards virtual booth (number 11, at the entrance of Hall A)
- Satellite symposium: "Treatment of aortic stenosis: new learning for the decade". Friday October 9th 2020 - 13.15 - 14.30 (live broadcasting). EACTS virtual platform / Hall A / Room 116 - 117.

As usual, Edwards is here to help...

View a demo of the EACTS 3D platform by [clicking here](#).

The platform is very user-friendly. For more information on access and navigation in the EACTS environment, please refer to the quick guide below.

Quick Guide to navigate through the EACTS 3D platform (Hyperfair)

The below information comes from Hyperfair source (www.hyperfair.com)

1

Profile

Please complete your profile since your profile is your Business Card. When leaving the platform, please do not forget to log out.
