# Mitral Highlights

Wednesday, 19 June 2024 | 13:00-18:50 CET

13:00 Day 1 opening

Session

1

## Latest trends: The evolving landscape of mitral regurgitation

13:10 Differentiate atrial and ventricular functional mitral regurgitation

*Alain Berrebi*

What are the mixed etiologies?

*Madalina Garbi*

Live-in-a-box: Atrial functional mitral regurgitation

*Jan Gummert*

Radiation-Induced mitral valve diseases

*Fitsum Lakew*

Live-in-a-box: Management of postradiation mitral regurgitation

*Fitsum Lakew*

Round table discussion

*Panel*

14:30 Coffee break

Session

2

## The Achilles Heels: Arrhythmic mitral valve prolapse

14:50 What is an arrhythmic mitral valve prolapse?

*Madalina Garbi*

Deep dive imaging arrhythmic mitral valve prolapse

*Alain Berrebi*

Clinical case: Is cardiac surgery preventative of ventricular arrhythmic event?

*Meindert Palmen*

Step-by-step video: Mitral valve repair in Barlow's disease

*Gloria Farber*

Round table discussion

*Panel*

16:00 Coffee break

Session

3

## Does it really matter? Minimally Invasive Surgery (MIS): how minimal do we need to go?

16:20

Evidence on MIS: Show me the data

*Meindert Palmen*

MIS for challenging mitral valve anatomy

*Gloria Farber*

Live-in-a-box: Direct vision transaxillary access

*Manuel Wilbring*

When should I still perform a sternotomy for mitral surgery?

*Jan Gummert*

Round table discussion

*Panel*

17:30

Day 1 take-home messages

19:00

Group Dinner

## Thursday, 20 June 2024 | 09:00-13:00 CET

09:00

Day 2 opening

Session

4

## Bringing lifetime management in mitral valve treatment

09:00

Clinical dilemma: asymptomatic severe mitral regurgitation

*Gilles Dreyfus*

Long term results of mitral valve repair for primary mitral regurgitation

*Patrick Perier*

Secondary mitral regurgitation: what matters for lifetime management

*Nikolaos Bonaros*

Lifetime management for mitral valve disease: from current guidelines to new ones?

*Martin Andreas*

Round table discussion

*Panel*

10:20

Coffee break

## Well, that is debatable!

10:40

Is there a consensus on concomitant tricuspid annuloplasty?  
Is high risk tricuspid valve surgery meaningful?  
Case discussion on tricuspid atrial fibrillation  
Multiple valve disease: concomitant surgery vs. staged transcatheter interventions  
Round table discussion

*Gilles Dreyfus  
Torsten Doenst  
Can Gollmann-Tepeköylü  
Gry Dahle*

*Panel*

11:40

Day 2 take-home messages

11:45

Mitral Highlights Challenge | Test your knowledge

13:00

Lunch
