Mitral Highlights

Wednesday, 19 June 2024 | 13:00-18:00 CET

13:00 Day 1 opening

Latest trend: The evolving landscape of Mitral regurgitation

13:10 Differentiate atrial and ventricular functional mitral regurgitation
What are the mixed etiologies?
Live-in-a-box: Atrial functional mitral regurgitation
Radiation-Induced mitral valve diseases
Management of postradiation mitral regurgitation
Round table discussion

14:20 Coffee break

The Achilles Heels: Arrhythmic mitral valve prolapse

14:40 What is an arrhythmic mitral valve prolapse?
Deep dive imaging arrhythmic mitral valve prolapse
Clinical case: Is cardiac surgery preventative of ventricular arrhythmic event?
Step-by-step video: Mitral valve repair in Barlow's disease
Round table discussion

16:00 Coffee break

Does it really matter? Minimally Invasive Surgery (MIS): how minimal we need to go?

- 16:20** Evidence on MIS: Show me the data
MIS for challenging mitral valve anatomy
Live-in-a-box: Direct vision transaxillary access
When should I still perform a sternotomy for mitral repair?
Round table discussion

17:30 Day 1 take-home messages

19:00 Group Dinner

Thursday, 20 June 2024 | 08:25-13:00 CET

09:00 Day 2 opening

Bringing lifetime management in mitral valve treatment

- 09:10** Clinical dilemma: asymptomatic severe mitral regurgitation
Long term results of mitral valve repair for primary mitral regurgitation
Secondary mitral regurgitation: what matter for lifetime management
Lifetime management for mitral valve disease: from current guidelines to new ones?
Round table discussion

10:30 Coffee break

Session

5

Well, that is debatable!

10:50

Is there a consensus on concomitant tricuspid annuloplasty?

Chronic atrial fibrillation: effectiveness of a concomitant left atrial ablation?

Case discussion on tricuspid atrial fibrillation

12:00

Day 2 take-home messages

12:05

Mitral Highlights Challenge | Test your knowledge

13:00

Lunch
