

Heart team Workshop

Herzklinik Hirslanden
Center of Excellence
Zurich, Switzerland

Heart Team Workshop

Join us for a comprehensive two-day course led by Prof. Jürg Grünenfelder (cardiac surgeon) and Prof. Roberto Corti (interventional cardiologist). This workshop is designed to enhance the efficiency and collaboration of your Heart Team.

With a select group of about 5 participants, you will benefit from an in-depth, peer-to-peer exchange and gain a thorough understanding of:

- The critical role of a modern Heart Team in the TAVI*, TEER*, and MiSAVR* patient pathways, covering pre-, peri-, and post-procedure phases.
- Optimal Heart Team structure and setup, including methodology, roles, responsibilities, and allied professions.
- Tips and tricks for effective communication and coordination within and across departments, operational excellence, resource optimization, evaluation, and data collection.
- The decision-making process in an optimal Heart Team, applied to real cases with live demonstrations (TAVI, TEER, and MiSAVR cases).

Faculty

Prof. Jürg Grünenfelder, Prof. Roberto Corti, Prof. Peter Wenaweser, Prof. Oliver Gämperli, Prof. Patric Biaggi, Prof. Diana Reser, Dr. Ioannis Kapos

Dates:

- March 27-28, 2025
- September 25-26, 2025
- December 11-12, 2025

Location:

HerzKlinik Hirslanden
Witellikerstrasse 40
8032 Zürich, Switzerland
