Valve Insights

Navigating current and future trends

Monday, 31st March 2025 | 13:00-17:40 CET

12:00 Welcome Lunch

13:00 Day 1 opening

1

Challenging mitral valve disease scenarios

Moderators: Victoria Delgado and Nikolaos Bonaros

13:05

A syndrome called Barlow - Different faces, different therapies?

Patrick Perier

Not an everyday case -
a patient with mitral annular calcification

Nikolaos Bonaros

Oh my god - I need to re-clamp!

and Victoria Delgado

Live-in-a-box | How to deal with mitral valve after failed TEER?

Torsten Doenst

Scientific breakthroughs in mitral valve surgery:
Highlights from the last 2 years

Hendrik Treede

Interview | Future directions
in primary MR treatments

*Can Gollmann-
Tepeköylü*

Round table discussion

*Victoria Delgado &
Torsten Doenst*

Panel

14:40

Coffee Break ☕

2

What's new in aortic valve stenosis?

Moderators: Augusto D'Onofrio and Sabine Bleiziffer

15:00

Miniaccess, endoscopic and robotic:
state of the art of minimally invasive SAVR

Markus Kofler

Degenerated TAVR: TAVR explant or TAVR in TAVR?
The importance of preoperative planning

Sabine Bleiziffer

Long term outcomes and durability of SAVR and TAVR.
Insights from the newest evidence

Torsten Doenst

A journey towards personalized surgery

Sabine Bleiziffer

Aortic valve stenosis in young patients: how to effectively
plan a lifetime strategy combining SAVR and TAVR

Daniel-Sebastian Dohle

Round table discussion

Panel

16:20

Coffee Break ☕

3

Advances in surgical aortic valve interventions for aortic regurgitation: from indications to techniques

Moderators: Augusto D'Onofrio and Torsten Doenst

16:40

Beyond aortic diameter: all the variables to consider for aortic surgery in patients undergoing aortic valve procedures

Ross procedure: the ultimate solution for lifetime management of aortic valve disease

Bentall with new generation devices vs valve sparing: is there still a gap?

Round table discussion

Interview | From Endo-Bentall to total endovascular aortic arch repair

Alessandro Della Corte

Olivier Bouchot

Augusto D'Onofrio

Panel

Bradley Taylor

17:40

Day 1 take-home messages

19:00

Group Dinner

Tuesday, 1st April 2025 | 09:00-12:40 CET

09:00

Day 2 opening

4

Tricuspid regurgitation on the spotlight

Moderators: Hendrik Treede and Stephan von Bardeleben

09:00

Risk assessment strategies for Tricuspid Valve disease to guide treatment decisions

Case presentation

My rationale for choosing surgical minimally invasive beating heart tricuspid valve repair

My rationale for choosing T-TEER

Round table discussion

Case Resolution

When repair is not an option: Valve replacement

Interview | Which transcatheter technique holds the future: TTVR or T-TEER?

Conclusion

Julien Dreyfus

Gloria Färber

Hendrik Treede

Stephan von Bardeleben

Panel

Gloria Färber

Jörg Hausleiter

Gloria Färber, Stephan von Bardeleben and Jörg Hausleiter

Hendrik Treede and Julien Dreyfus

10:40

Coffee Break 

Valve Insights

Navigating current and future trends

5

Addressing the challenge of mixed and multivalvular heart diseases

Moderators: Victoria Delgado and Nikolaos Bonaros

11:00

Understanding the phenotype of patients with multivalvular heart diseases

Tips and tricks to diagnose properly multivalvular heart diseases

What do the guidelines say?

Case presentation

Intervention of multivalvular heart diseases: which technique, which sequence?

Case resolution

Interview | A glimpse into the future: which studies will change practice?

Victoria Delgado

Madalina Garbi

Nina Ajmone Marsan

Nina Ajmone Marsan

Nikolaos Bonaros

Nina Ajmone Marsan

Nikolaos Bonaros, Madalina Garbi and Hendrik Treede

12:40

Day 2 take-home messages

12:50

Lunch
