Heart Team Workshop

This two-day course led by Prof. Jürg Grünenfelder (cardiac surgeon) and Prof. Roberto Corti (interventional cardiologist) focuses on tips and tricks to advance towards a highly efficient and collaborative Heart Team.

To offer a more in-depth experience, the number of participants is limited to about 5 attendees.

Learn and benefit from peer-to-peer exchange and get a thorough understanding of:

- How critical the role of modern Heart Team is in the TAVI* and MiSAVR* patient pathway pre-, peri- and post procedure
- Optimal Heart Team structure and setup: methodology, roles and responsibilities, allied professions
- Tips and Tricks that help to set:
 - Effective communication and coordination within and across departments
 - Operational excellence: resource optimization, evaluation and data collection
- The decision-making process in an optimal Heart Team applied to real cases, with live demonstration (TAVI* and surgical cases)
