

Endoscopic Valve Surgery - the future of tomorrow

Warsaw
Center of Excellence
2026

The National Institute of Medicine
of the Ministry of Interior
and Administration

Edwards

Course Description

This advanced course, conducted by **Prof. Dr. Suwalski** and the expert team from PIM, is designed specifically for cardiac surgeons and their teams. It aims to provide comprehensive theoretical and practical training in advanced cardiac surgical techniques. A key feature of the program is the inclusion of live surgical cases, demonstrating **endoscopic aortic valve replacement and mitral valve repair**.

Participants will engage in hands-on sessions, case-based discussions, and focused lectures delivered by experienced professionals. The course emphasizes multidisciplinary collaboration and is particularly valuable for teams aiming to enhance their proficiency in minimally invasive and endoscopic cardiac surgery.

The course is exclusively open to candidates holding specialization in

- cardiac surgery,
- anaesthesia,
- cardiac nursing
- perfusionists

Directors of the course

Prof. Piotr Suwalski MD, PhD,
Radosław Smoczyński MD, PhD,
Jakub Staromlyski MD, PhD

Dates

- November 19-20, 2026

Location:

National Medical Institute of the
Ministry of Interior and Administration
Wolowska 137
02-507 Warsaw, Poland

Day 1 Thursday aortic valve day	
08:00	Welcome and introduction in hospital with refreshment
09:00	Case 1 - Live surgery – aortic valve replacement with RALT approach
12:00	Case discussion
12:30	Lunch
13:30	Tip and tricks for RALT approach
14:15	Live-in-a-box: annular enlargement with aortic valve replacement
